Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner inquired as to status of Application (i.e., abandoned or not abandoned) on June 21, 2004. Applicant indicated a response to the restriction requirement of 20 Oct 2003 was filed on 17 Nov 2003 but a filing receipt from the PTO was not received by the Applicant. Presently (June 22, 2004), the Examiner has informed the Applicant that abandonment of the Application may be prevented by promptly filing the election response papers (including the amended drawings) under 37 CFR § 1.8(b) and meeting the filing requirements therein. Additionally, since the amended drawings were co-filed with the response but not indicated (i.e., checked-off) in the originally-sent transmittal form, the Applicant must now mention in the correspondence that amended drawings are also included along with the election response and are discussed in the remarks section of the election response, in order for the correspondence to be complete for the record. The complete correspondence must be FAXED to the following central fax number: 703-872-9306. Upon meeting all of the above filing requirements, the complete election response will be considered by the PTO for entry into the file under 37 CFR § 1.8(b).
